

LOST  
2 TICKETS TO  
KENTUCKY DERBY

PLEASE CALL

We understand that you misplaced your tickets to the Kentucky Derby. Not to fear, Dave and Bev Sherman and a team of specialists are recreating the horse race for you right here at NSSC. Julie Schmittiel (Kneecap Jules) is running the betting pool. Please don't put in too large of IOU we would like to see all of you out on the lake this year. You can enter your own horse and rider. George and Salina Mavis are handling the registration, and I understand (luckily) that they are not very particular about the "thoroughbred" requirements. We just hope your "horse" can make it around the course. Richard King (Call-It-Like-I-See-It) will be doing his commentary on the races, in addition to calling the finishes. He has requested that all donations to the Orphans and Widows fund be in cash, and he will be accepting these donations personally. Dave Sherman and his crew of cocktail magicians are serving up the classic Mint Julep. While there was much debate, there is no limit on the number of these that one may consume. We do urge caution, as they tend to sneak up on you. All invitees to this event are bringing a dish to share, this includes the winners of the Soup-Off and Galley Wars. We expect to be serving up some 5 five star fare. And for political correctness, we are not limiting the Hat competition to Ladies only. All in all you will think you were right there at Churchill Downs.
